

ABHAY MAHAJAN

B.Tech AI & Machine Learning, 2026 | Symbiosis Institute of Technology, Pune
+91 7590802017 | abhaymahajan097@gmail.com | [LinkedIn](#) | [GitHub](#)

EDUCATION			
Year	Degree / Exam	Institute / Board	Score
2022–26	B.Tech — AI & Machine Learning	Symbiosis Institute of Technology, SIU, Pune	63%
2022	Class XII — CBSE	Aadhunik Public School	73%
2020	Class X — CBSE	Aadhunik Public School	92%

INTERNSHIP	
Corover.ai — Generative AI Intern	Jan 2026 – Jun 2026
LLM Systems	Built LLM-powered conversational AI systems with multi-turn dialogue, tool-use, and memory . Engineered agentic workflows with plan-execute patterns enabling multi-step task decomposition across external APIs
RAG & Retrieval	Designed RAG pipelines for document-grounded Q&A using FAISS + LangChain, reducing hallucinations vs. vanilla LLM responses

PROJECTS	
Clarix — AI Study Platform Clarix , Founder / Solo Engineer	Feb 2026 – Present
Architecture	Full-stack EdTech SaaS : Next.js, FastAPI, PostgreSQL, ChromaDB, RAG pipeline, adaptive quiz engine, gamification, admin panel
AI / RAG	RAG-based AI tutor indexing user-uploaded PDFs into ChromaDB for contextually grounded Q&A with reduced hallucinations LLM-powered adaptive quizzing with structured weakness detection feeding a personalized revision planner
Production	JWT auth (HTTP-only cookies), Redis caching, brute-force lockout, email verification, CI/CD via GitHub Actions, Docker Compose, 30+ tests

Agentic ChatBot Agentic-Chatbot	Jan 2026 – Feb 2026
Agentic AI	LangChain agentic system with tool-use, memory modules, and plan-execute workflow ; dynamic function-calling for runtime tool routing

PATENT	
AI-Based Health Prediction System Co-Inventor — Indian Patent Application	Filed Nov 2025 · Published Dec 2025
Details	Indian Patent Application No. 202521110534 A, published in The Patent Office Journal No. 50/2025 (Symbiosis International, Deemed University). Co-invented a neural-network + transformer system combining an ANN classification module with a fine-tuned T5-Small chatbot for personalized health recommendations

TECHNICAL SKILLS	
Languages	Python, JavaScript / TypeScript
GenAI / LLM	LangChain, Ollama, OpenAI API, RAG pipelines, Agentic workflows, Prompt engineering, FAISS, ChromaDB
Backend	FastAPI, PostgreSQL, Redis, Docker, GitHub Actions, Nginx, Locust
Frontend	Next.js, React, Tailwind CSS
ML / Data	TensorFlow, scikit-learn, Pandas, NumPy

EXTRA-CURRICULAR & ACHIEVEMENTS	
IEEE SIT	Photography Head , IEEE SIT Student Branch (Aug 2024 – Dec 2025) — led end-to-end event photography, collaborated with industry professionals
